Job Title: Case Manager  
Location: Kansas City, Missouri  
Department: Veteran’s Support Services Team  
Reports to: Director of Veteran Support Services

Veterans Community Project (VCP) Overview

Founded in 2015 in Kansas City, MO, VCP is dedicated to supporting every man and woman who took the oath to defend our nation. The greatest barrier to ending veteran homelessness is the revolving door of unstable housing and the frustrating maze veterans must navigate in order to get basic support. We believe that to be an effective program, the first step is to connect veterans and the community. VCP created an innovative homeless housing program and outreach assistance that provides inclusive services to aid Veterans in re-claiming control over their lives.

The overall goal of VCP is to collaborate not to compete with the social services sphere. We focus on three lines of effort: 1) build and maintain transitional housing, 2) bust our butt to say ‘yes’ to every Veteran in need through our outreach program and community-based housing, and 3) connect Veterans and the community. By 2022, we expect to have VCP Villages, VCP Community Centers, and Veterans Outreach Centers in eight cities across the United States. For more information, visit www.veteranscommunityproject.org
